1. The Reasonable and Customary charge is based on the lowest of the: "Actual Charge" (the dentist's actual charge); or "Usual Charge" (the dentist's usual charge for the same or similar services); or "Customary Charge" (the 90th Percentile charge of most dentists in the same geographic area for the same or similar services as determined by MetLife).

Understanding Your Dental Plans

The MetLife Preferred Dentist Program (PDP) is designed to provide the dental coverage you need with the features you want. Take advantage of what this plan has to offer without compromising what matters most - including the freedom to visit the dentist of your choice – an "in-network" dentist or an "out-of-network" dentist.

If you receive in-network services, you will be responsible for any applicable cost sharing, PDP charges in excess of the benefit maximums, and for non-covered services. If you receive out-of-network services, you will be responsible for any applicable cost sharing, charges in excess of the benefit maximum, charges in excess of the PDP fee schedule amount, and charges for non-covered services.

Plan benefits for in-network services are based on the percentage of the PDP fee – MetLife's negotiated fees that PDP dentists have agreed to accept as payment in full.

Plan benefits for out-of-network services are based on the percentage of the Reasonable and Customary (R&C) charges. If you choose a dentist who does not participate in the MetLife PDP, your out-of-pocket expenses may be more, since you will be responsible for paying any difference between the dentist's fee and your plan's payment for the approved service.

The service categories and plan limitations shown in this document represent an overview of your plan benefits, but are not a complete description of the plan. Before making any purchase or enrollment decision you should review the certificate of insurance which is available through MetLife or your employer. In the event of a conflict between this overview and your certificate of insurance, your certificate of insurance governs. Like most group dental insurance policies, MetLife group policies contain certain exclusions, limitations and waiting periods and terms for keeping them in force. The certificate of insurance sets forth all plan terms and provisions, including all exclusions and limitations.

***Alternate Benefits:** Your dental plan provides that if there are two or more professionally acceptable dental treatment alternatives for a dental condition, your plan bases reimbursement, and the associated procedure charge, on the least costly treatment alternative. If you receive a more costly treatment alternative, your dentist may charge you or your dependent for the difference between the cost of the service that was performed and the least costly treatment alternative.

Common Questions... Important Answers

Who is a participating Preferred Dentist Program (PDP) dentist? A participating dentist is a general dentist or specialist who has agreed to accept MetLife's negotiated fees as payment in-full for services provided to plan participants. PDP fees typically range from 15-45%* below the average fees charged in a dentist's community for the same or substantially similar services.

*Based on internal analysis by MetLife. Savings from enrolling in the MetLife PDP Program will depend on various factors, including how often participants visit the dentist and the cost for services rendered.

How do I find a participating PDP dentist? There are more than 158,000 participating PDP dentist access points nationwide, including 37,000 specialist. You can select a participating dentist or specialist by visiting the MetLife website at www.metlife.com/dental or www.metlife.com/mybenefits if you are registered on MyBenefits. You can also call 1-800-ASK-4MET (800-275-4638).

What services are covered by my plan? All services defined under your group dental benefits plan are covered. Please review the enclosed plan benefits to learn more.

Does the Preferred Dentist Program (PDP) offer any negotiated fees on non-covered services? MetLife's negotiated fees with PDP (in-network) dentists may extend to services not covered under your plan and services received after your plan maximum has been met, where permitted by applicable state law. If you receive services from a PDP dentist that are not covered under your plan or where the maximum has been met, in those states where permitted by law, you may only be responsible for the PDP (in-network) fee.

May I choose a non-participating dentist? Yes. You are always free to select the dentist of your choice. However, if you choose a dentist who does not participate in the MetLife PDP, your out-of-pocket expenses may be more, since you will be responsible to pay for any difference between the dentist's fee and your plan's payment for the approved service. If you receive services from a participating PDP dentist, you are only responsible for the difference between the PDP in-network fee for the service provided and your plan's payment for the approved service. Please note: any plan deductibles must be met before benefits are paid.

Can my dentist apply for PDP participation? Yes. If your current dentist does not participate in the PDP and you'd like to encourage him or her to apply, tell your dentist to visit www.metdental.com, or call 1-877-MET-DDS9 for an application. The website and phone number are designed for use by dental professionals only.

How are claims processed? Dentists may submit your claims for you, which means you have little or no paperwork. You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, visit www.metlife.com/dental or www.metlife.com/mybenefits if you are registered on MetLife's MyBenefits. You can also request one by calling 1-800-ASK-4MET (800-275-4638).

Can I find out what my out-of-pocket expenses will be before receiving a service? Yes. MetLife recommends that you request a pre-treatment estimate for services in excess of \$300. Simply have your dentist submit a request online at www.metdental.com or call 1-877-MET-DDS9. You and your dentist will receive a benefit estimate for most procedures while you're still in the office. Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

How can I learn about what dentists in my area charge for different procedures? With the Dental Procedure Fee Tool provided by go2dental.com, you can learn more about approximate fees for services such as exams, cleanings, fillings, crowns and more. Simply visit www.metlife.com/mybenefits and use the Dental Procedure Fee Tool to help you estimate the in-network (PDP fees) and out-of-network fee* for dental services in your area.

*Out-of-network fee information is provided by go2dental.com, Inc., an industry source independent of MetLife. This site does not provide the benefit payment information used by MetLife when processing your claims. Prior to receiving services, we recommend that you obtain pre-treatment estimates through your dentist.

Can MetLife help me find a dentist outside of the U.S. if I am traveling? Yes. Through international dental travel assistance services* you can obtain a referral to a local dentist by calling +1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

*International Dental Travel Assistance services are administered by AXA Assistance USA, Inc. AXA Assistance is not affiliated with MetLife and any of its affiliates, and the services they provide are separate and apart from the benefits provided by MetLife.

**Refer to your dental benefits plan summary for your out-of-network dental coverage.

How does MetLife coordinate benefits with other insurance plans? Coordination of benefits provision in dental benefits plans are a set of rules that are followed when a patient is covered by more than one dental benefits plan. These rules determine the order in which the plans will pay benefits. If the MetLife dental benefit plan is primary, MetLife will pay the full amount of benefits that would normally be available under the plan. If the MetLife dental benefit plan is secondary, most coordination of benefits provisions require MetLife to determine benefits after benefits have been determined under the primary plan. The amount of benefits payable by MetLife may be reduced due to the benefits paid under the primary plan.

Do I need an ID card? No, you do not need to present an ID card to confirm that you're eligible. You should notify your dentist that you participate in MetLife's PDP. Your dentist can easily verify information about your coverage through a toll-free automated Computer Voice Response system.

Do my dependents have to visit the same dentist that I select? No, you and your dependents each have the freedom to choose any dentist.

If I do not enroll during my initial enrollment period can I still purchase Dental Insurance at a later date? Yes, employees who do not elect coverage during their 31-day application period may still elect coverage later. Dental coverage would be subject to the following waiting periods.

- No waiting period on Preventive Services
- 24 months on Major Services
- 6 months on Basic Restorative (Fillings)
- 24 months on Orthodontia Services (if applicable)
- 12 months on all other Basic Services

Note: Late Entrant Penalty does not apply to the plan as an Annual Open Enrollment Period occurring annually is included.
