

Anglican Benefits Program

What you need to know:

- **Are you eligible?** Benefits are available to employees who are actively at work on the effective date of coverage and working the minimum number of hours per week stated in the contract.
- **Your premiums and benefits may vary.** Actual premiums and benefit amounts will be calculated by OneAmerica and may change upon reaching certain ages, according to contract terms, and are subject to change. Volumes and benefit amounts shown may be subject to reductions due to age.
- **Enroll timely for guaranteed issue coverage.** You may be eligible for coverage without having to answer any health questions if you enroll during the initial enrollment period when benefits are first offered by OneAmerica®, or if you enroll as a newly hired employee within 31 days after any applicable waiting period.
- **Enrolling later requires approval.** If you decline coverage now, you will lose your only chance to apply for group insurance coverage without having to first undergo medical underwriting. If you decide to enroll later, you will need to submit a Statement of Insurability form for review. OneAmerica will then decide to approve or deny your coverage based on your health history. You may not be approved for any type of coverage at a later date if you have any current or future medical conditions.

THE NEED FOR DISABILITY INSURANCE

Protect your paycheck

You insure your home, car and other valuable possessions, so why not also protect what pays for all those things? Your income. Without it, think about how your mortgage/rent, groceries or credit card bills would get paid. That's where disability insurance can help.

A disability can happen to anyone at any time and it can last for a short or long period of time. Purchasing disability insurance through your workplace is a way to replace a portion of your pre-disability earnings if you get sick or hurt and are unable to work. Being prepared can help ease the financial burden for you.

Things to think about

A severe injury or illness can leave you unable to work for years. Workers' compensation only covers injuries that happen on the job and, to qualify for coverage, you must meet certain eligibility requirements. Additionally, medical insurance will only help cover your medical costs.

You might be able to dip into savings or borrow money from loved ones, but if you don't have these options, can you really afford not to have disability insurance?

Protect yourself and your income with disability insurance.

Disability insurance can provide you with the income protection you need. Consider purchasing it today.
